GEMDALE GOLD INC

Newly listed gold and critical metals explorer, now drilling a large scale gold discovery in western Finland

Gemdale Gold Inc., newly listed on the TSX Venture Exchange, is focused on advancing its portfolio of high-quality assets in Finland, a top-tier mining jurisdiction. As part of a large portfolio of projects at various stages, the Company's 100% owned Pontio Gold Project is located in western Finland within an established mining district, which has excellent infrastructure. Pontio is being advanced toward a maiden NI 43-101 Mineral Resource Estimate with the current 2026 infill drill program.

Finland focused –
